MADEP#641738  
A.N.R.A.D

Dear Members of the Commission,

In accordance with our A.N.R.A.D. submittal (#641738) where we are requesting the Commission confirm the boundaries of Bordering Vegetated Wetlands (BVW) and Isolated Vegetated Wetlands (IVW) delineated by Wendell Wetlands Services we would like to also have the Commission make a determination and classify the streams on the property as shown on the updated plans. It is our opinion these streams are intermittent based on the Definition of Critical Characteristics and Boundaries described in 310 CMR 10.58 (2) Riverfront Area of the Wetlands Protection Act.

We appreciate your consideration of this request and if you have any questions please do not hesitate to contact us.

Yours very truly,
